NUMBER 235.

NEWS FROM ALASKA

Four Men Back From the Klondike Gold Fields.

RICH FINDS ARE CONFIRMED.

Fabulously Rich Are Some of the Claims in Entirely New Fields—Not More Than \$10,000, However, to the Man Will the Output So Far Average—The Colman Arrives at Port Townsend.

PORT TOWNSEND, Wash., Aug. 27.—The schooner J. M. Colman, which left St. Michael's, at the mouth of the Yukon, July 28, has reached this port. The Colman brings four passengers who have been in the Klondike and who left Dawson City July 17. The passengers are Charles H. Metcalf of Detroit, B. E. Jones of Berkeley, Cal., an assayer for the Alaska Commercial company at Dawson; C. B. and W. D. Patrie, brothers, Los Angeles. They left 10 days after the Thorpe party, which arrived at Seattle last week on the steamer George E. Starr from Dyea. They all tell stories of the richness of the Klondike, Bonanza and Eldorado creeks, but all say that very few cleanups have been made since the early summer.

Mr. Metcalf has been in the merchandise business at Dawson City, Circle City and other points for three years past and has been out every year. He goes in each year over the Dyea trail and last year he took in 20 tons of freight. It took him from March 6 to May 10 to get his freight over the pass with one man, two horses and eight dogs. From Lake Linerman to Dawson City he was 14 days.

When the Colman left St. Michael's there were about 12 men waiting to come out on the steamers Portland, and another steamer with passengers was expected down the river before the time set for the sailing of the Portland. The men waiting at St. Michael's all had from \$5,000 to \$15,000, but no phenomenal strikes were reported by them.

With regard to ascending the Yukon Mr. Metcalf says it takes from 20 to 25 days to go from St. Michael's to Dawson City and passengers leaving Seattle later than Aug. 20 will have no chance of reaching Dawson City this fall. The Lippy claim on Bonanza creek, from which gold amounting to \$112,000 was taken, he said, was one of the best developed claims in the group. Others will doubtless prove just as rich when fully developed. The first claim located on Bonanza creek was named Discovery, and is recognized by miners as being the center of the field, many others being numbered each way from it. Sixty claims are now located above and 90 below Discovery, in all 15 miles being taken.

On Eldorado creek, which empties into Bonanza, 60 claims are located, 20 nearest the conjunction of the creeks being fabulously rich.

From one claim located on Skookum gulch, tributary to Bonanza creek, N. W. Porters of Denver and Joseph Goldsmith of Juneau took \$5,000 in nuggets, ignoring fine gold. They afterward sold the claim for \$25,000 cash. They worked on it four weeks. Bear creek, a small tributary to Klondike, is also remarkably rich in gold.

B. J. Jones of Berkeley, Cal., said: "I should say that there are about 2,500 people in Dawson and on the creeks round-about there. This summer only about 20 claims have been worked and thus far not a large sum of money has been taken out. Most everybody is getting ready for the winter's work, which will be pushed as vigorous this year as last. As far as I can estimate, the great wealth of Klondike is holding out. Still the amount of gold that will come down this fall will not be as large as estimated in some quarters. I should say that there will be in the neighborhood of 175 men down by the Portland and Excelsior, and a very fair average to each man would not exceed \$10,000. Many will bring down practically nothing."

"I would not care to say what the Alaska Commercial company has in gold on hand. At one time gold was so plentiful at Dawson people did not know what to do with it. The trading company's safes were filled and the stuff was packed away in saloons and any place the miners could find. But most of the gold was taken out when the clean-ups were completed last spring. Since then there has not been such a large amount of gold coming out, as the wet season does not permit of excavating. This coming winter there will be about 600 claims in active operation. They will nearly all do well, according to present indications, and next winter's output will be proportionately as large as last, although there will not be as many very rich strikes. The bench claims are turning out well, much better in fact than was expected."

"As to supplies, I believe there will be fully 4,500 tons taken up on the river boats owned by the trading companies. Only about half of this, however, represents provisions, the other being supplies. Last year ice began to run in the Yukon as early as Sept. 28, and if the ice begins to run that early this year many of the boats now going up and intended for the Klondike will not get through until next year. I believe the Indian river and its tributaries will prove valuable diggings next winter. You may say that Circle City is practically deserted, the people all having gone to Dawson. The river steamers Alice, Bella and Healy have made their second trip down the river for the season. They will go down again in time to meet the Portland and the Excelsior and most of the miners who will come out this fall will be aboard."

URUGUAY'S SENSATION.

Further Details of the Assassination of President Borda.

NEW YORK, Aug. 27.—A dispatch to The Herald from Montevideo, via Buenos Ayres, gives these details of the assassination of President Idiarte Borda: Montevideo was in gala attire celebrating the independence of Uruguay, which was proclaimed on Aug. 25, 1825. The day, according to the program which had been mapped out, was one replete with festivities and feasts.

Of the official ceremonies, the singing of the "Te Deum" was the most impressive. President Borda had gone to the cathedral, attended by a military escort, the members of his cabinet and diplomatic representatives from other countries. His party started to leave the cathedral about 15 minutes after 3 o'clock. Hundreds had gathered in front of the cathedral and the president was well received as he passed out the door. He had walked only a few steps when Arredondo stepped forward out of the crowd and raised a pistol. Before anyone could stop him he had fired two shots at the president. The first bullet went wild, but the second struck President Borda in the left breast. He fell backward into the arm of Bishop Soler and sank to the ground.

For an instant there was an awful silence; then a frightful uproar. The crowd poured forward with cries and shouts and while Arredondo was seized by several soldiers, the other troops were thrown into line to keep the crowd from trampling upon the prostrate body of the president. Sharp cries for "Order" from the officers were unheeded, and as the crowd continued to push and struggle, the officers, impelled by the belief that the lives of other officials were in danger, gave the order to force the crowd back. The soldiers attacked the crowd with bayonets and finally drove it back, after many had been wounded and several killed.

The president, still breathing feebly, was then removed under military guard to the city palace, where he died in a few minutes. The body was then wrapped in the flag of Uruguay and removed to his late home.

When shot down the president was on his way to review a body of troops, which would have closed the exercises of the day proper. Great excitement was caused all over the city by the assassination.

The assassin is Avelino Arredondo, an officer of the Uruguayan army. He is a Uruguayan, 27 years old. Now that Uruguay's chief is dead he is calm and declares that he is content with his action. Arredondo, who is now in prison under close guard, declares that his crime was not inspired by anything more than a personal hatred for the president. He had, he said, no accomplices and is willing to take upon himself all the consequences of the deed.

Jose Cuestas, president of the senate, was nominated for president ad interim by the chamber of deputies. He immediately dismissed all the members of the cabinet except General Luiz Perez, who will continue at the head of the war department.

May Stop the Cherokee Pilgrimage.

FRANKFORT, Ky., Aug. 27.—Governor Bradley has received a protest from citizens of Louisville asking that the 1,200 Cherokees from the Indian Territory be restrained from marching through this state as contemplated by them in their pilgrimage to the grave of their dead chief, Wahotanah, near Russellville. The protest claims that there is great danger of damage being done to the localities visited by them. The governor has not said what he will do, but it is not probable that he will interfere.

Counterfeit Two-Dollar Certificate.

WASHINGTON, Aug. 27.—A new and dangerous counterfeit \$2 certificate of the Windom issue, has just been discovered in circulation. The distinguishing features of the counterfeit are as follows: It is about one-eighth of an inch shorter than the genuine. The seal is a decided pink color, instead of carmine, while the fiber threads appear somewhat heavier and the red silk darker. It is said the counterfeits will pass thousands before they are detected.

Women Arrested by Turkish Police.

CONSTANTINOPLE, Aug. 27.—The Turkish police yesterday arrested two young Armenian women who were distributing copies of the manifesto issued by the Armenian central revolutionary committee in which the recent explosions of bombs were declared to be the work of the young Turkish party. One of the women was released from custody, as it was shown that she was a Russian subject.

Going Far to See the Eclipse.

SAN FRANCISCO, Aug. 27.—Professor W. W. Campbell of the Lick observatory will head the expedition to India, made possible through the generosity of the late Colonel C. F. Crocker, to observe the next total eclipse of the sun. The time of the eclipse would be in California just before midnight on Jan. 21, 1898, but in India it will take place three-quarters of an hour after noon on the 22d.

Suicide on Cinnamon Essence.

GRAFTON, W. Va., Aug. 27.—Adam Shriner, a farmer living in Battelle district, committed suicide by drinking essence of cinnamon. He had been having trouble with his wife until she tired of their unpleasant way of living and sued him for divorce. Finding 20 bottles of essence of cinnamon in the house he drank it all.

BATAVIA, O., Aug. 27.—The 6-year-old son of Joseph Larkin of this place fell from a wagon yesterday, striking on a pile of stones, breaking one arm and seriously injuring his head.

WOMEN ON A MARCH

Demonstration Made by Wives and Daughters of Miners.

DEPUTIES DID NOT INTERFERE.

They Propose Keeping It Up Every Day Hereafter—Work of Evicting the Strikers Begun—Quiet Prevails in the Pittsburgh District Indiana Miners on the Verge of Starvation—Other Strike News.

PITTSBURG, Aug. 27.—The wives and daughters of the striking miners at Dearmit's Oak Hill mines near Turtle Creek, took a prominent part yesterday in the demonstration against the working miners. Early in the morning a dozen or more women gathered at the camp, and with flags and banners marched along the roads leading toward the tipple. On their way they met a number of miners going to the pit and they greeted them with yells and jeers. They derided the miners who were working and ridiculed them in a manner which caused many of them to hang their heads in shame. The women say they will make a demonstration every day hereafter.

The strikers claim that only 15 men are at work in the Oak Hill mine and that the output yesterday was only 35 pit cars, while the company says that 65 pit cars were mined.

Superintendent S. C. Dearmit and four deputy sheriffs commenced the work of evicting the families of the Plum Creek strikers yesterday. The work will be kept up until the company has possession of all their houses.

There was no marching indulged in by the men in camp Isolation. That vicinity is in a very quiet state. Both sides are confident of victory and are resting and awaiting developments.

The miners are satisfied with the work which is being done by the men who go over to Center every night and have not marched since last Monday. The men at Center were out at an early hour doing active missionary work.

The deputies were not taken out to the crossroads at 4 a.m., as usual, and the road was left completely unguarded. They were satisfied with concentrating about the towns of Center, Clarksville and Plum Creek.

Superintendent Samuel Dearmit, when asked why the deputies had been withdrawn, said that they did not need to stop the marchers any longer. He was confident that none of his men, who were now working, could be taken out of the mine. The deputies would hereafter be used only to guard property of the company.

W. J. Brennan, attorney for the miners, is preparing his answer to the bill of the New York and Cleveland Gas Coal company in the proceedings against the miners' officials and strike leaders for contempt of court. The bill will declare that the camp and marching is not for the purpose of intimidation or menace to any one, but merely to indicate to the men in the mines that the miners generally are on a strike and to indicate their strength by a show of numbers.

Gus Datte, who is in charge of the sheriff's deputies at Plum Creek, was told by the sheriff's attorney that under the injunction he could not interfere with marchers who paraded with a band at their head. The only ones he can stop are those who are intimidating the workmen.

A large parade and meeting was held at Turtle Creek last night without molestation from the deputies.

President Dolan addressed a big meeting at Clare Ridge, Westmoreland county, last night. Before leaving the city he gave the details of his arrest at McGovern. He said he went before Judge McIlvaine and was told that he had not violated the provisions of the injunction and was discharged.

INDIANA MINERS DESTITUTE.

Twenty-Five Thousand People in Want of Food.

INDIANAPOLIS, Aug. 27.—Reports to the state authorities indicate that the condition of the striking coal miners in Indiana becomes more distressing from day to day. The state labor commission says there are 7,000 of the strikers, and together with their families, there are probably 25,000 men, women and children in the coal regions of the state who are going hungry on account of the strike.

Governor Mount receives appeals from some point in the coal fields every day. The miners are asking for something to eat, and the governor, the labor commission and the miners' relief committee seem at a loss as to how they should proceed. The relief committee issued another call through the mayors of Indiana cities a few days ago, and are now receiving some subscriptions, but they are not in proportion to the needs of the miners. The relief committee has confined its work to raising money, but should the strike continue much longer, contributions of food will have to be asked of the people of the state.

The state labor commission thinks that miners and operators should agree to resume work on a 60-cent basis, to last only while arbitration is pending.

While 60 cents is not regarded as living wages for the strikers, and not as much as the operators should pay, it would be better for both sides to accept the figure,

the commission thinks, until another agreement could be made.

Died While Pleasure Riding.

ANDERSON, Ind., Aug. 27.—Andrew Getty, one of this city's prominent growers, died suddenly while pleasure driving with his daughter last evening.

DOINGS OF G. A. R. ENCAMPMENT.

Cincinnati Gets the Next Encampment and Pennsylvania the Commander.

BUFFALO, Aug. 27.—Cincinnati's triumph in securing the national encampment for 1898, and Pennsylvania's victory in winning the commander-in-chief of the Grand Army were the features of the encampment. Both battles were hard fought. The struggle was precipitated immediately after the executive session was called to order. The selection of the next place of meeting was first taken up and the rival cities were given a hearing.

The citizens' committee of Cincinnati was admitted, consisting of W. B. Melish, chairman of the Convention league; M. E. Ingalls, president of the Big Four railroad; Gustav Tatel, mayor of Cincinnati; J. M. Blair, president of the chamber of commerce; Michael Ryan, assistant United States treasurer, and Congressman J. H. Bromwell. President Ingalls presented the claims and attractions of the city in a happy speech and the committee received.

Delegate Woodruff of California presented the claims of San Francisco.

On the first ballot Cincinnati received 5,98 votes and San Francisco 214. The vote had not been announced when Mr. Woodruff withdrew San Francisco, and asked that the selection of Cincinnati be made unanimous. This was agreed to by acclamation.

Nominations for commander-in-chief were then declared in order and Isaac F. Mack of Sandusky, O., was nominated by Delegate Brown of Ohio; J. P. S. Gobin of Lebanon, Pa., was nominated by Delegate Stewart of Pennsylvania; George H. Innis of Boston, by Delegate Wetherbee of Massachusetts, and John G. Linehan of New Hampshire, by Delegate Cogswell of New Hampshire. Mr. Wetherbee later withdrew the name of Mr. Innis.

The first ballot resulted: Mack, 253; Linehan, 181; Gobin, 296; no choice.

The vote on the second ballot was never announced officially, but as cast it stood: Gobin, 358; Mack, 249; Linehan, 123. Before the result could be announced by the tellers the 10 Missouri votes that had been cast for Mack were withdrawn and ordered changed to Golin, who had received the other 12 of the 22 votes belonging to the state. This gave Gobin 368 votes and enough to elect.

Illinois and other states began to order their votes changed, but while this was in progress R. B. Brown of Ohio, who nominated Mr. Mack, asked unanimous consent that the adjutant general be instructed to cast the vote of the encampment for Mr. Gobin, making his election unanimous. The encampment then adjourned for the day.

Post No. 128 of Philadelphia gave

Commander-in-chief Gobin a rousing reception at the Hotel Iroquois last night. There was a big assemblage of Pennsylvania veterans and much enthusiasm. Colonel Gobin spoke briefly, thanking the members of his old post for their good wishes.

The department of New York, G. A. R., gave a reception last night to Governor Black at their headquarters in the Ellcott square building, at which a thousand people were present.

HORRIBLE STATE OF AFFAIRS.

An Appalling Death Rate in Cuba—Army Unpaid Business Almost at an End.

KEY WEST, Fla., Aug. 27.—A horrible state of affairs exists in Cuba. There are 40,000 Spanish soldiers in the hospitals in Havana and at other principal points. About 2,000 are sent back monthly to Spain incapacitated. Sickness is increasing. The health of the city is not good. The official reports show that for the week of Aug. 12 the death rate was 90 per 1,000. Business is at a complete standstill. The army is not being paid and a feeling of hopelessness prevails among Spaniards and Cubans alike. No one has much faith in the success of General Woodford's mission to Spain.

The situation throughout the entire island is one of inaction. The insurgents are not on the move, except in the case of small bodies searching for provisions. Stories of important recent engagements are unfounded. The United States consuls throughout the island have been refused leaves of absence and are restless under the restraint. Several of them are ill and wish temporary relief.

Dauntless Crew Arrested.

SAVANNAH, Aug. 27.—United States District Attorney Erwin has arrested Master J. W. Floyd, Chief Engineer Walter E. Masters and the entire crew of seven men of the tug Dauntless. The case will be investigated later on. The men were arrested on a warrant, charging them with being about to engage in military expeditions against dominion of Cuba, in the domain of kingdom of Spain.

Faith in the Indiana Gold Fields.

FRANKLIN, Ind., Aug. 27.—William Levins of Spearville, Brown county, was in town yesterday, telling of the gold finds in his locality. He had a nugget of pure gold worth several dollars, and considerable flake gold washed out in Salt creek. He also had a rough diamond of several carats' weight, which he had picked up in the Hoosier Klondike. Levins has faith in the supply, and he thinks that an energetic mining company could make a fortune in the Indiana field.

Desperadoes Escape From Jail.

SHOALS, Ind., Aug. 27.—Four desperadoes confined in the county jail made a combined attack on Sheriff Sherbeck as he entered the cells to lock them up for the night, knocked him down, bruising him badly, and escaped. Lee Freeman, one of the prisoners, was recaptured. John Eledoe, charged with murder, George Harris and George Edwards are still at large.

CHICAGO, Aug. 27.—The plant of the H. J. Fitzgerald Trunk company at 411 Wells street was damaged by fire to the extent of \$150,000 last night. The flames originated in the rear of the building, which is a 5-story structure. The losses are thought to be well covered by insurance.

NOTICE.

The members of the Democratic Executive Committee for Mason County are requested to meet at the office of Thomas D. Slattery on August 28, 1897, at 10 o'clock a.m. All members of said committee are requested to be on hand, as business of importance will be before said committee. Also the Democratic nominees for the various offices are requested to be present at said meeting.

JOHN W. ALEXANDER,

Chmn Mason Co. Dem. Ex. Com.

Attest: THOMAS D. SLATTERY.

INDICATIONS.—Fair; warmer weather; fresh southerly winds, becoming westerly.

It will be noticed that the editor of the Ledger is not publishing at the head of the editorial column of his paper the amount of the deficit under the Republican administration. For his benefit we will state that the receipts at the treasury Wednesday amounted to \$665,859 and the expenditures \$1,144,000. This makes the deficit for the month \$14,316,216 and for the fiscal year \$25,389,761.

Correct to the Letter.

[New York Sun.]

The Democratic newspapers and leaders that were sincere in their support of Bryan in the last campaign—that is, the Democratic newspapers and leaders in all the Democratic States and most of those in non-Democratic States, do not admit or believe that silver is now less of an issue than it was in 1896. They admit that silver has gone down on account of the want of a demand for it. Shut out from the mints of the world, they say, how can it help going down?

How to Remove Grass Stains and Mildew.

(Rural New Yorker.)

Grass stains make an unsightly blot on many children's garments at this season, and they often seem quite difficult of removal. As a rule, such a stain dissolves immediately in alcohol, while, if applied at once, ammonia and water will be found efficacious. Where the color of the material might be faded by alcohol or ammonia, the stain might be moistened and put out in the sun, being kept moist until it changes from green to brown, when it will wash out. Mildew, which has been a troublesome blemish upon clothes exposed to moisture during this warm summer, may be removed by moistening the spot, putting upon it a layer of chalk and salt, and then exposing it to strong sunlight.

The blessed sunlight is the best of all bleaching and disinfecting agents, and no one can better appreciate its virtues than a housekeeper who has been compelled to dry her clothes in a species of oven provided for that purpose in a modern apartment house. Of course, it is very delightful to be quite independent of the weather when wash-day comes around, but many a city housewife would gladly exchange all that convenience for the whiff of clover and outdoor freshness that comes in with an armful of country-dried clothes.

FOOD CROP SITUATION

Beginning to Grow Very Grave in Europe.
Shortage in Rye and Other Cereals.

SPRINGFIELD, Mass., Aug. 25.—An extensive inquiry into European crop conditions, conducted by the Orange Judd syndicate of agriculturist papers, including the American Agriculturist of New York, the Orange Judd Farmer of Chicago and the New England Homestead of Springfield, Mass., indicates that the food crop situation abroad is very grave. Estimates of Europe's (including England's) needs of wheat imports range all the way from 300,000,000 to 400,000,000 bu. Europe's wheat crops for 1895, 1894 and 1893 averaged about 1,500,000,000 bu. In the famine year of 1891 it was only 1,200,000,000.

The impression is gaining ground that Europe's wheat crop this year is even less than in 1891. But this is not the worst of it. Europe usually produces as much rye as she does wheat. It is the bread grain of the masses. The rye crop of the principal European countries (Russia, Germany, France, Austria, Bulgaria, Roumania and Italy and the low countries and Sweden) has averaged about 1,300,000,000 bu. annually for 1896, 1895, 1894 and 1893. This season the rye crop of these countries can not much exceed 875,000,000 bu. Quite as bad is the potato prospect. Only about 1,850,000,000 bu. of potatoes will be harvested in these countries this year. Without regard to the United Kingdom or other European countries, there is a shortage of some 1,000,000,000 bu. of potatoes. European shortage compared with average follows: Wheat, 300,000,000 bu.; rye, 325,000,000; potatoes, 1,000,000,000 bu.; total, 1,625,000,000.

COLLECTOR ROBERTS.

He Will Take Charge of the Office September 30th, Collector Shelby Having Resigned—Civil Service.

Collector Wallace M. Shelby, of this district, has tendered his resignation to take effect at the close of business Thursday, September 30th, and has been notified of its acceptance by the Treasury Department.

Editor Sam J. Roberts, the incoming Collector, filed his bond with Acting Commissioner Wilson in Washington this week, and everything is ready for the transfer of the office on the day fixed.

Mr. Roberts' bonds, \$100,000 as Collector and \$25,000 as disbursing agent, were executed by the Fidelity and Deposit Company of Maryland.

The Lexington Leader, edited by Mr. Roberts, published the following in reference to the patronage of the office, which may be taken as official. "Collectors Goodloe and Shelby had about 120 appointments, many of them gilt-edged, at their absolute disposal when they entered upon their duties, while Mr. Roberts will be limited to two menial positions to which he can appoint outright, or seven places to which he can appoint after examination by the Civil Service Commission at Washington.

"Mr. Roberts will have the power of appointing his Chief Deputy and Cashier in the main office, and stamp deputies in the branch offices at Frankfort, Maysville, Paris and Midway, but all of these appointees will have to stand a Civil Service examination after appointment. According to the ruling of the Revenue Bureau, in the Nashville district controversy, it looks as though the incoming Collector can refuse to reappoint or re-commission the remaining office deputies and division deputies, or can commission them for a period of say sixty or ninety days, awaiting developments, but he will be compelled to appoint their successors from the eligible list for such positions, made up after the examinations by the Civil Service Commission.

"Gaugers and Storekeepers are commissioned by and bonded to the Government direct, and the Collector has not the same power over them as over the deputies, who are commissioned by and bonded to him individually."

Did You Ever

Try Electric Bitters as a remedy for your troubles? If not, get a bottle now and get relief. This medicine has been found to be peculiarly adapted to the relief and cure of all female complaints, exerting a wonderful direct influence in giving strength and tone to the organs. If you have loss of appetite, constipation, headache, fainting spells, or are nervous, sleepless, excitable, melancholy or troubled with dizzy spells, electric bitters is the medicine you need. Health and strength are guaranteed by its use. Fifty cents and \$1.00 at J. James Wood's drug store.

A DISPATCH from Frankfort says: "The question as to whether the turnpike companies who have not accepted the provisions of the new Constitution may have the benefit of the State guards under the mob law bill has been raised before the State officers and will be tested in the courts."

The Bee Hive

BIG BOOM IN TOBACCO.

Lively Times on the Breaks at Louisville. 108 Hogsheads Averaged \$17.

[Louisville Commercial, Aug. 26]

The largest and best sale of tobacco in the history of the local breaks was made yesterday at the Brown Warehouse.

All records of the past ten years in the way of prices were broken, and it is said that such a large lot has never brought such an average before.

One hundred and eight hogsheads were sold, all of the finest grades. There has been competition for nearly all the tobacco, and when the sales were footed up it was found that the 108 hogsheads had averaged \$17. The total amount of money realized was between \$20,000 and \$25,000.

Mr. Ed. O'Bryan secured the prize of the lot, but it was only after a hard fight. This was a hogshead of bright burley wrappers, and brought \$29. This is the highest price brought on the breaks since 1887. Mr. O'Bryan also bought two hogsheads of heavy-bodied burley for \$27 and \$25.

The various owners of the tobacco, with the average price brought for each lot, are given below:

Owner.	No. Hds.	Price.
W. C. Herr.	10	\$21.72
M. Messing-Schlaeger.	11	18.32
T. P. Owens.	5	29.92
Fred Linn.	5	19.25
E. A. Hall.	10	17.67
D. W. Bud.	17	16.59
Ewalt & Jacobs.	4	15.69
Peed & Goodpaster.	6	14.61
Ewalt & Aschraft.	6	15.25
Bryant & Co.	6	14.12
Goodpaster Bros.	7	16.75

River News.

The snagboat Woodruff is working in the harbor at Cincinnati.

The Gate City took a tow to Louisville this week.

Queen City due down this evening and Bonanza to-night. The Sherley will pass up for Pomeroy.

Huntington Advertiser: "The steamer Island Queen, one of the largest passenger steamers on the Ohio river, is contemplating entering the trade between Huntington and Cincinnati. The controlling stock of the Island Queen is owned by Captain Lee H. Brooks, of Cincinnati, and for years quite a rivalry has existed between Captain Brooks and the officials of the White Collar Line of steamers. This is what is tempting Captain Brooks to enter the Island Queen in this trade, and the probabilities are that inside of thirty days this boat will leave here every other day for the Queen City. An old river man who claimed to be on the inside of these matters was interviewed by the Advertiser and he states that the new arrangement is a sure go and it will prove very profitable to Huntington."

REV. MARY COLLIS, of Lexington, is assisting Rev. Mr. Willis, of Flemingsburg, in a protracted meeting.

In Social Circles.
Mis Gay Durrett, of the county, gave a party last evening in honor of her guests, Misses Nettie Robinson and Marian Wormald, of this city.

Miss Hattie L. Wood, of the county, entertains this evening in honor of Misses Robinson and Wormald.

Ravages of Flux.

The ravages of flux in the Sardis and Shannon neighborhood has been very severe and still continues. One physician prescribed for patients in twenty-two families a week ago Thursday. A great many have died.

Big Damage by Hail.

Mr. John Shanklin, of the Mayslick vicinity, it is stated, puts his loss on tobacco and corn from the hail of last Sunday at \$2,000.

THE Old Gold Mills are making a specialty of the exchange trade.

ABERDEEN.

Items of Interest Contributed by Our Ohio Neighbors—Personal Paragraphs.

Henry Gross attended the big circus this week. Mrs. Hannah Lane attended the circus Monday night.

Mr. and Mrs. Wm. Power have returned from a trip to Chicago.

G. Atherton is thinking about locating in the South this winter.

A large crowd from Aberdeen will attend the Germantown fair.

Billy Bradford took all his friends to Ripley fair on Wednesday.

Frank Ellis has returned from a delightful trip to Nashville, Tenn.

Ad. Rist and Cal Kennedy took in Robinson's show Monday night.

Deunis McGregor may purchase Cal Kennedy's Gun street property.

Cal Kennedy and Col. Duckworth attended the Ripley fair this week.

Miss Ella Rist has returned from a delightful visit in New York City.

Gus Simmons and Gus Willinbrink attended the circus Monday night.

Will Cooper and Miss Katie Simmons attended the Ripley fair Thursday.

Arthur Tolle has accepted a position in Langdon's grocery in Maysville.

Mr. and Mrs. Charles Gardner were visiting friends in Cincinnati last week.

Aberdeen was well represented at Robinson's circus both afternoon and evening.

Mrs. J. K. Groninger is visiting her daughter, Mrs. Charles Wiles, of Ripley, this week.

George Clephane, of Aberdeen, is considered one of the Bee Hive's first-class salesmen.

Mrs. Tom Hall and daughter Amy and son Fred attended the fair at Ripley Thursday.

J. L. Purdon, Jr., went to Cincinnati Monday to lay in a fresh supply of groceries and hardware.

Mrs. Davis and daughters, Misses Josie and Gertie, spent Wednesday the guests of Mrs. Ed. Scott.

Wm. Stapleton will accept a position as mate of the steamer Queen City soon as there is a rise in the river.

Miss Grace Wisenall, of Covington, is the guest of Miss Edith Hill. They took in the fair Thursday at Ripley.

Mrs. Fannie Stapleton and two interesting little boys, Howard and Willie, attended the Ripley fair Thursday.

Bill Warner and Sam N. Hamer have gone into the huckster business. Two hustlers will make a success of the business.

Miss Blanche Wilson will soon become a partner in her sister Mrs. Maud Stephens' millinery store at Frankfort, Ky.

Miss Ella Morris and her interesting little daughter, Myrtle, are visiting her sister, Mrs. Charles Wiles, of Ripley, during the fair.

Dennis McGregor, of the Ennis Hotel, is interested at present in real estate. Contemplating matrimony, he wishes to purchase a handsome house.

W. S. Sibbald has received from the city a boat load of groceries, apples, peaches, pears, melons, sweet potatoes. Selling cheaper than any place in town.

John Archdeacon's property on Front street, this city, is being torn down by Milburn Ellis and Tom Madigan. We heard there was to be a handsome residence erected on the lot in the near future.

Miss Ida McDowell had a delightful surprise party tendered her last Wednesday. She was equal to the occasion and appeared most charming in blue silk and pink trimmings. Refreshments were delicious.

Many Aberdeen people miss Mrs. David Cheeseman's agreeable manner, obliging ways and grateful heart for small favors duly received. She was a thorough business woman, and had all the pleasing business characteristics which win customers and make friends.

Aberdeen expects to have a large crowd of visitors during the Yellow Ribbon Fair. And the gentlemanly managers intend it to be a big send off for Aberdeen. Its attractive features will be numerous. All who attend can't fail to be pleased with the bill of amusements it will offer. The premiums bestowed will satisfy all.

The Coming of Baby.

When a baby comes to the house real happiness comes. The care and anxiety count for nothing against the clinging touch of the little hands and the sound of the little voice. The highest function given to human beings is bringing healthy, happy children into the world. Over thirty years ago the needs of women appealed to Dr. Pierce, now famous consulting physician to the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y. The result of his study improved by thirty years of practice is embodied in Dr. Pierce's Favorite Prescription. It strengthens, purifies and makes healthy the organs distinctly feminine. It gives weak women the strength and health necessary for the production of healthy children and it makes the bearing of those children easy. It is sure to cure any weakness or derangement peculiar to women; stops pain, soothes inflammation, strengthens, purifies, invigorates.

Pennsylvania Republicans.

HARRISBURG, Aug. 27.—The Republican state convention met in this city yesterday and nominated James S. Beaumont of West Moreland county for state treasurer and Major Levi G. McCauley of Chester county for auditor general.

"MOTHERS' FRIEND"

Shortens labor, lessens pain, diminishes danger to life of both mother and child and leaves her in condition more favorable to speedy recovery. "Stronger after than before confinement" says a prominent midwife. Is the best remedy.

Beware of substitutes and imitations.

Makes Child-Birth Easy.

Sent by Express or mail on receipt of price, \$1.00 per bottle. Book "TO MOTHERS" mailed free, containing voluntary testimonials.

BRADFIELD REGULATOR CO., ATLANTA, GA.
SOLD BY ALL DRUGGISTS.

FIRE IN PITTSBURG.

Two Firemen Killed and \$165,000 Worth of Property Destroyed.

PITTSBURG, Aug. 27.—Fire yesterday evening caused the loss of \$165,000 worth of property, death to two firemen and created a panic in the Seventh Avenue hotel. About 6:30 o'clock flames were discovered in the 5-story building at 637 Smithfield street, occupied by Edmundson & Perrine's furniture establishment, and gained such rapid headway that the building was a mass of flames before the engines reached the scene. In a very short time the building was entirely destroyed. The fire originated from the explosion of a gas engine in the cellar.

The building is T shape, running back from its Smithfield front to a 10-foot alley in the rear, separating it from the Seventh Avenue hotel, the extensions extending to Seventh avenue and Strawberry alley. The guests of the hotel, numbering 150, were nearly all at supper at the time the flames were seen pouring from the rear windows of Edmundson & Perrine's building. A small sized panic ensued and a grand rush was made for the exits. Fortunately no was hurt, but the excitement ran high for a time and the hallways were soon filled with trunks and baggage of guests who were all endeavoring to save themselves and belongings. The fire burned the kitchen and part of the dining room of the hotel, but was extinguished before reaching the sleeping apartments and all the guests returned to the house after the fire.

Several buildings adjoining the burning building were damaged by water, the aggregate loss amounting to about \$5,000. The other losses are: Edmundson & Perrine's \$100,000 on stock, insurance \$42,000; John Daub, owner of building, \$50,000, insurance \$7,000; Seventh Avenue hotel, \$10,000; fully insured.

At 11 o'clock, after the fire had been subdued and the firemen were rolling up their hose, the Strawberry alley wall of the Edmundson & Perrine building fell, burying under the debris two firemen, Zeke Glover and Harry Holt. A large force of men were put to work at once to get the victims out. As the wall was three stories high the progress of the rescuers was slow. At 11:50 Holt's dead body was recovered and Glover's was recovered soon afterward. Both men were married and lived in Lawrenceville.

Excursion Train Wrecked.

NEW ALBANY, Ind., Aug. 27.—An excursion train on the Air line carrying several hundred passengers to the Corydon fair, collided with a light engine near Corydon yesterday. Both engines were badly wrecked and the passengers received a severe shaking up. William Neely and George Carter of New Albany received severe wounds on their heads.

Another Boom in Wheat.

CHICAGO, Aug. 27.—Wheat eclipsed the top notch prices of the present bull campaign yesterday, the September option reaching \$1.03 1-2 and December 96 cents. After exceedingly wild fluctuations September closed at 98 7-8 cents and December at 93 7-8 cents, advances of 2 1-8 cents and 5-8 of a cent, respectively. The fury in September was but the result of another turn to the screws by the bull clique, while in December the advance was caused by bullish cables and crop news.

Hot Weather in St. Louis.

ST. LOUIS, Aug. 27.—Yesterday was by far the hottest day of the year for St. Louis and vicinity. From early morning the mercury climbed steadily upward until at 4 o'clock in the afternoon, 101 in the shade was the record by the weather bureau thermometer. On the streets the heat was fully 5 degrees worse. One hour later it began to get cooler and by 7 o'clock the record was 98. A strong wind blew from the southwest all day, but it did nothing to relieve the intense heat, for it was as hot as the air from a furnace.

George Green Knocked Out.

SAN FRANCISCO, Aug. 27.—Joe Walcott knocked out George Green in the 18th round last night. It was rather a one-sided fight, Walcott leading in every round, with perhaps the exception of the second and 12th. Green showed none of his old-time dash and vim, and seemed to be utterly at sea at meeting and guarding against the sturdy little colored man's rushes.

Jumped From a Train.

ANDERSON, Ind., Aug. 27.—Elvin Parish of Martinsville is believed to be dying. He came here to visit a brother, and he jumped off the train while it was running rapidly, breaking one arm and several ribs, and suffering internal hurts.

Chloroform and Morphine.

COVINGTON, Ind., Aug. 27.—Dr. G. S. Jones, one of the most prominent physicians of this county, died yesterday from an overdose of chloroform and an injection of morphine. He was an active member of the M. E. Church and an officer of the Grand Chapter in Masonry.

Impure Water Causes Typhoid Fever.
WASHINGTON, Ind., Aug. 27.—Typhoid fever is prevalent in a malignant form in parts of this county, and is causing many deaths. It is supposed to be caused by impure water.

Poet and Author Dead.

NEW YORK, Aug. 27.—Mary Kyle Dallas, the poet and author, died at her home in this city of heart failure, aged 50 years.

Homeseekers Excursions.

On August 17th, September 7th and 21st, October 5th and 19th, the C. and O. will sell round trip, homeseekers excursion tickets. Territory: Arizona, Arkansas, Colorado, Indian Territory, Iowa, Kansas, Minnesota, Missouri, Nebraska, New Mexico, North Dakota, Oklahoma, South Dakota, Tennessee, Texas, Utah, Wisconsin and Wyoming. Rate one first class limited fare, plus two dollars. Limit, twenty-one days. For further information see C. and O. ticket agent.
